EDUCATIONAL.—In the reports of the educational work there is the same cheering note that there is in the evangelistic work.

### *Hokusei Girls' School.*—

Twenty-two graduated in March, and the entering class numbered 25, and if the usual September increase prevails this year the number of students will be much larger. From April to April, 12 pupils and one teacher have received baptism, the teachers now being all Christians excepting one. Since the beginning of the year eight more have united with the church and two former pupils who left last year without finishing. Altogether there are at present 35 baptized Christians and 19 unbaptized in the school out of a total of 103. The Junior and Senior Endeavor Societies, under the care of Miss Evans and Miss McCrory have a very recognizable spiritual influence in the school.
